EXECUTIVE SUMMARY

UPRM 01

What does it look like when a chapter truly **levels up… not just in performance, but in purpose?**

During the 2025–2026 academic year, our **American Marketing Association chapter at University of Puerto Rico at Mayagüez** built on a legacy of excellence, earning recognition as one of the Top Chapters for five consecutive years, including a **Top 20 Collegiate Chapter finish last year**. This year, we chose to align our annual theme with the AMA International Collegiate Conference theme, **"Level Up,"** and we did exactly that: **we expanded opportunities, increased participation, strengthened operations, and elevated the chapter experience into something more inclusive, more strategic, and more impactful.**

Our work translated into real outcomes across every pillar. Professionally, we delivered **11 industry conferences, 3 workshops, and 3 company/plant tours,** plus hands-on experiences like **campaign copywriting work** and **consulting** through ELEVATE. Competitively, we expanded our ICC participation to **24 members** (more than **three times** the amount of last year's participation) and sustained structured training to strengthen performance readiness. Organizationally, we improved internal systems through standardized agendas, calendars, shared documentation, and cross-team coordination. Financially, we generated **$17,835.11** in total revenues and closed with an ending balance of **$8,865.21**, supported by fundraising, membership growth, sponsorships, and consulting revenue—including support from partners like Infosys, Healthy Path Markets / Supermercados Econo, and Eli Lilly and Company.

OUR COMMITMENT TO DEI

As a Puerto Rican chapter, we understand that **DEI is not a slogan—it's our reality and our responsibility.** We "leveled up" by designing experiences that are culturally relevant, accessible, and community-centered—making space for different backgrounds, majors, schedules, economic realities, and professional goals. From Hispanic Heritage Month programming and mental health initiatives to cross-campus collaborations and community service, our chapter focused on belonging, representation, and long-term member growth—while still delivering measurable results.

In short: we didn't just host events… we built momentum. We didn't just grow numbers… we grew capability. We didn't just participate… we elevated. And through every initiative, we stayed anchored to one thing: **helping students become better marketers while honoring our identity as a Puerto Rican chapter with a global standard.**

So… what does it look like when a chapter truly levels up? **It looks like this year.**

YEAR-AT-GLANCE HIGHLIGHTS

Membership
- **92** total members; **52%** retention goal achieved and exceeded.

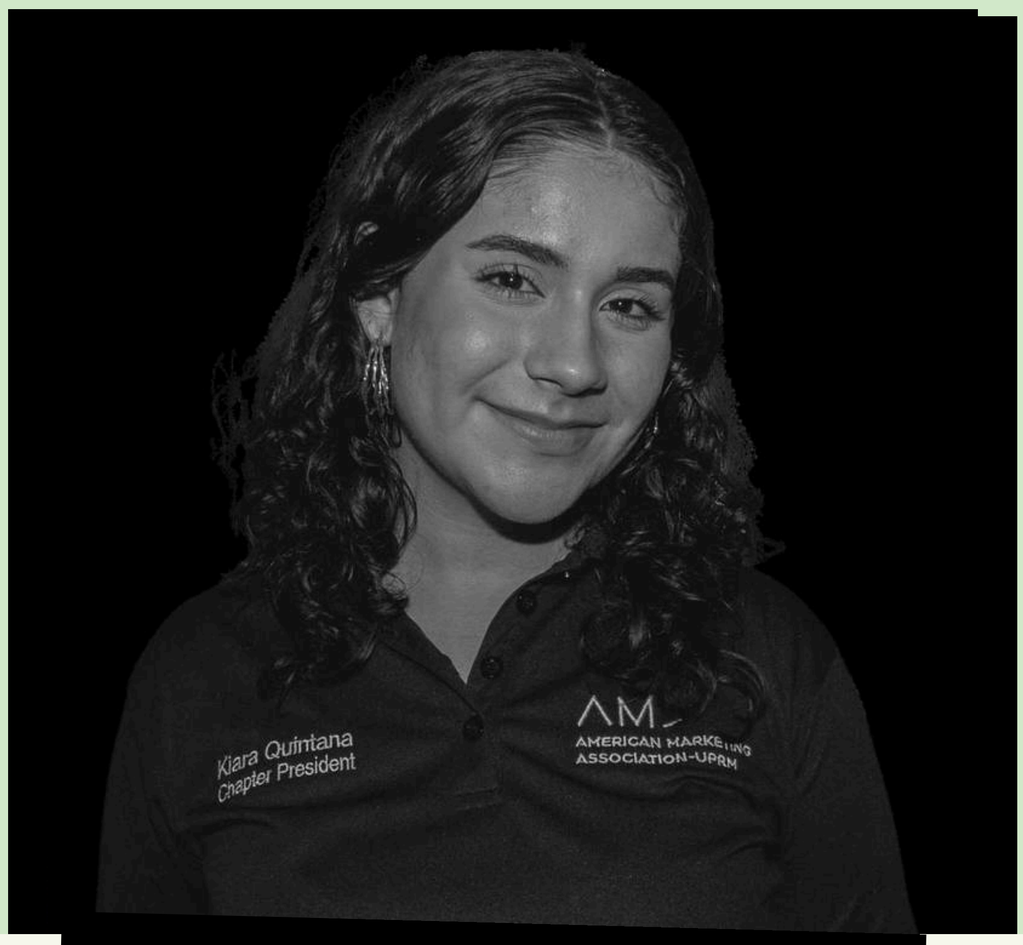

Professional Development
- **11** conferences, **3** workshops, **3** tours (including collaborations with Telemundo Puerto Rico, Netflix, and L'Oréal).
- Connected members to **12** verified opportunities, strengthening the chapter's role as a bridge between students and industry.

Marketing Week
- **~200** attendees; first-ever regional collegiate conference component.

Communications Growth
- Instagram reach **12,087** accounts and **655,000** views; **227** media assets created; website **246** visits.

ICC Readiness
- **24** students registered + participation in EVERY spring and fall competitions.

Community Impact
- Beach cleanup contributed to 603lbs removed (67 bags) + multiple service initiatives.

Kiara C. Quintana Perez
AMA UPRM 2025-2026 President

PROFESSIONAL DEVELOPMENT

02

Overall Goal: To empower chapter members with diverse and impactful professional development opportunities, including networking events, workshops, conferences, industry collaborations, and hands-on experiences. These initiatives aim to enhance members' skills, industry knowledge, and career readiness while fostering collaboration and leadership.
Overall Results: Throughout the academic year, our chapter successfully organized and executed a variety of professional development activities, including 21 team meetings, 11 industry conferences, 3 workshops, 3 company plant tours, and multiple networking events. Members gained valuable insights into marketing trends, developed essential skills such as branding, storytelling, and strategic communication, and engaged in real-world experiences through initiatives like the "Sanamos Juntos" campaign and ELEVATE consulting projects. The chapter also strengthened inter-association and inter-chapter relationships through collaborative events like Gala ADEM and PR AMA chapters' beach day. These efforts collectively enhanced members' professional portfolios expanded their industry connections and prepared them for future career opportunities in the marketing arena.

Professional Development Team

NEW!

Goal: Double the number of people in charge of professional development tasks to ensure the successful execution of the chapter's professional development activities.
Results: Four new Professional Development roles were created to improve the coordination and execution of chapter activities and initiatives. A total of 21 professional development team meetings were held to organize our efforts toward meeting our professional development goals for the year, such as creating our consulting service team ELEVATE, finding internship opportunities for our members, and organizing the resources so that our members can receive certifications, with a larger, more effective, collaborative team.

Marketing Week

Goals: Celebrate Marketing Week by increasing the diversity and scope of events held during this week to strengthen professional connections, create new collaborative networks, increase brand awareness, and attract the interest of new students and potential collaborators.
Result: Our celebration included a full week of conferences, workshops and networking activities under the theme Leveling Up Marketing Skills. Marketing Week culminated with the Marketing Symposium. This third edition of the symposium focused on artificial intelligence and its impact on the communications industry. Four speakers representing advertising, marketing, and national newspaper companies shared with attendees the impact of AI on their operations. This symposium also became our first-ever Regional Collegiate Conference, bringing together students from multiple AMA chapters in Puerto Rico. Concurrently with the symposium activities, a team of four-chapter members participated in AMA's online Digital Marketing Competition sponsored by Gerber Life. The symposium was finalized with a lunch sponsored by Eli Lilly. The activities of Marketing Week reach an audience of 200 attendees.

Conferences

Goal: Coordinate at least 3 monthly conferences with industry professionals to expose students to various facets of marketing and industry trends, with an attendance of at least 15 students per conference.
Results: We successfully coordinated a total of 11 conferences with industry professionals, providing students with exposure to diverse areas of marketing and valuable insights into current industry trends. However, we did not meet our goal of 3 monthly conferences due to speaker's cancelations. Although our monthly goal wasn't met, our attendance was surpassed at all the conferences, providing our members with relevant information for their professional careers.

Lessons and Improvements: Find speakers willing to travel to the west coast of the island, since most Marketing professionals reside in the metropolitan area. The conferences provided include:

- Marketing Sin Miedo by Joana Santiago Telemundo/**August 2025/ Attendance: 20**
- My Life Strategy Mistakes, and People by Rebeca Torres L'Oréal/ **September 2025/ Attendance: 30**
- AI Applications and Tools To Boost Your Work / **September 2025/ Attendance: 40**
- "Enfócate en el Propósito" by Natalia Negrón MIDA/ **September 2025/ Attendance: 15**
- My Experience Editing Netflix Commercials and Trailers- Gabriel Diaz/**October 2025/ Attendance: 26**
- Social Media Connects by Meredith Lugo, **October 2025/ Attendance: 20**
- Celebrate Hispanic culture and its influence in marketing and business by Jozze Rivera ARRK, **October 2025/ Attendance: 15**
- The Connection: Power in Community by Etienne Orillano, **October 2025/ Attendance: 15**
- Marketing for Everyone by AMA Professional Development Team **/October 2025/ Attendance: 18**
- The Breakthrough: Turning Sweet into Street by Karla Martinez/ **October 2025/ Attendance: 30**
- Customer Management of Creative Industries by Jesus Polanco RIMAS/ **November 2025/ Attendance: 25**

Upcoming Conferences:

- MedMarket: Where Healthcare Meets Marketing by Elkin Cabrera - Abbvie, February 2026
- Marketing No Es Publicidad; Es Control by Ramon Velez, February 2026
- Marketing No Es Publicidad. Es Control." Di Amalfi, March 2026

Sanamos Juntos: Campaign Copywriting

NEW!

Goal: Provide hands-on learning opportunities for members by involving them in a real-world marketing campaign that allows students to apply copywriting and strategic communication skills in a professional setting.
Results: Twenty AMA-UPRM members participated in the "Sanamos Juntos" campaign for Telemundo Puerto Rico (a local TV station), contributing to the development of copywriting for the campaign as well as new concepts which Telemundo could choose from to create their promotion for mental health awareness. The phrase "Sanando Juntos Puerto Rico Brilla" was chosen for display on billboards around Puerto Rico for a month to promote their special mental health awareness programming.

Workshops

Goal: Organize 2 workshops per semester covering topics that highlight the importance of marketing while helping chapter members and non-members develop essential marketing and life skills. Some workshops should target our members, and others the rest of our university. The assistance goal is 15 participants.
Results: We successfully organized 3 workshops so far. One under the theme "Marketing for Everyone," which was given by our professional development team in October 2025, this workshop focused on how you can apply marketing techniques to your personal branding and business. The topic of the second workshop was LinkedIn and resume building. This workshop was also held in October 2025, and it was led by LinkedIn professional Sonia Ramos Marcano. The third workshop was held in November 2025, led by our chapter advisor on how to provide consulting services. The last workshop will target the general student population of the business school and will focus on the importance of applying marketing techniques to create a personal brand.

Plant Tours

NEW!

Goal: Organize 3 company plant tours to give members real-life exposure to operations and the role of marketing in various industries.
Result: The organization successfully coordinated three plant tours, first with Coca Cola Music Hall on September 23rd with 35 attendees, where we visited the entire hall and learned the logistics behind the operations for events, second with Telemundo on October 21st with 20 attendees where we learned the daily operations of broadcasting, and the upcoming tour at Cristalia during the month of March, offering members valuable insights into operational workflows and internal marketing strategies across the purified water bottling industry. Benefiting the chapter with valuable connections with companies that are extremely well-known on the island.

Networking Initiatives

It can't all be working. Networking activities contribute to professional development by building trust-based relationships, increasing visibility, and facilitating the exchange of knowledge and opportunities. These activities help professionals gain new perspectives, develop skills, and build a supportive community.

Overall Goal: Host four networking events to complement the chapter's professional development initiatives. Networking activities contribute to this end by facilitating knowledge exchange and skill development, providing access to mentorship opportunities, enhancing chapter visibility, building confidence, strengthening soft skills, and uncovering hidden job opportunities.
Overall Results: Throughout the academic year, the chapter successfully advanced its overarching networking objective by executing a diverse portfolio of initiatives that expanded relationship-building opportunities, strengthened campus and community visibility, and supported member development across multiple dimensions. These efforts collectively contributed to the chapter's mission of fostering trust-based connections, facilitating knowledge exchange, and enhancing students' access to professional opportunities.

AMA-UPRM Collabs with Business Administration Faculty

Goal: Collaborate in the organization of activities aimed at students, promoting their participation in Job Fairs, where they can obtain places to participate in Internship Programs, Planned Cooperatives (PIPCS), and even full-time jobs.
Results: We collaborated with the Business Administration Deanship to organize and execute the Fall 2025 job fair. The chapter promoted this event across all its social media platforms, fostering participation among its membership. Six-chapter members collaborated with the event organizers on logistics, assisted visiting companies, and guided students to company exhibitors, which helped our chapter gain valuable networking opportunities with potential employers. The Dean's Office has asked us to collaborate in the upcoming Spring 2026 Job Fair.

GALA-ADEM - December 2025

Goal: To actively participate in the planning, coordination, and execution of the 1st Gala ADEM. The objective of Gala ADEM was to celebrate and acknowledge the accomplishments of the different students' associations of the College of Business Administration during the academic year. Each association contributed its expertise to the event logistics. Our chapter oversaw awareness and outreach efforts for the event.
Results: This joint effort strengthened inter-association relationships and provided a space to celebrate achievements and discuss shared goals. Approximately 200 students, professors, and event sponsors attended, strengthening our chapter's connections and brand visibility on campus and with local companies.

Students Helping Students

Goal: Foster a collaborative learning environment where members support each other's growth and facilitate peer-to-peer sessions where students can teach and share useful skills, platforms, or course-related tools.
Result: Through a total of 5 peer-led sessions, members supported one another's academic and professional growth by sharing useful skills, digital platforms, and course-related resources in a collaborative setting. These include our big & little exclusive study nights as well as our "Marketing for Everyone" series led by our marketing consulting group ELEVATE.

From AMA to the Rest of UPRM – Professional Workshops

Goal: Increase our recognition as a chapter among other faculties outside of the business administration department highlighting the importance of marketing in everyday life, regardless of one's career choice. Additionally, provide a space for students all over the campus to participate in our professional development activities.
Result: The chapter increased its visibility across campus by delivering a professional marketing workshop to students called "Marketing for Everyone" from non-business faculties, providing practical tools and a self-guided workbook to help participants strengthen their personal or business marketing.

Internship Newsletter

Goal: Provide Students at the end of each month a newsletter via WhatsApp and email informing them about upcoming internship/co-op opportunities in and out of our business administration faculty.
Results: From September to February, Internship Newsletters were sent monthly via WhatsApp and our shared AMA Google Drive, keeping students informed of internship and co-op opportunities across the marketing industry in Puerto Rico and the USA. A total of 12 internship opportunities were shared.

ICC 2026 Fall and Spring Competitions

At ICC 2025, an eight-member delegation from our chapter participated in several competitions, including perfect pitch, sales, marketing strategy, and marketing simulations. One chapter member reached the perfect pitch finals.
Goals: Participate for the first time in ICC Fall competitions to increase participation and exposure with the AMA Collegiate Chapter. Hold bi-weekly training sessions to prepare chapter members for ICC Fall and Spring competitions. Double the number of chapter members attending ICC 2026 to participate in at least 4 of the Spring competitions in Chicago.
Results: Thirty-two chapter members actively participated in the 6 ICC Fall competitions: marketing week, website, recruitment video, social impact video, digital marketing, and the MLB case competition. Approximately 10 bi-weekly meetings have been held so far among chapter members to prepare for the various Fall and Spring competitions. Additional meetings are scheduled for February and early March. We successfully tripled the number of chapter members (8 in ICC 2025) to 24 that will be participating in ICC 2026 competitions.

PR AMA-Crossover

Goal: Strengthen our relationship with the other AMA chapters in Puerto Rico by assisting and inviting them to our chapter events throughout the academic year.
Result: By participating in a beach day on September 21st, alongside other AMA Sagrado and AMA UPRRP, AMA-UPRM contributed to strengthening inter-chapter relationships and reinforcing a collaborative marketing community across Puerto Rico.

Professional Certifications

Goal: Provide chapter members with free, industry-recognized certifications by identifying accessible resources that enhance their resumes and expand their marketing, digital, and creative skill sets.
Result: The chapter successfully provided members with two professional certifications to enhance their resumes and expand their technical skill sets. Members completed the HubSpot SEO Certification and the Google social media and E-commerce Certification, gaining practical knowledge in search optimization, digital marketing, and online commerce strategies, 32 members participated. Additionally, the chapter is in the process of offering an Adobe Graphic Design Certification, which will further strengthen members' creative and technical competencies and support their professional growth.

MEMBERS INITIATION 2025-2026

ELEVATE BY AMA-UPRM

ELEVATE by AMA-UPRM

Goals: Create our first student-led consulting group (ELEVATE) that empowers members by providing real-world marketing solutions to businesses while fostering hands-on experience in consulting, collaboration, leadership, and innovation. Strengthen the marketing and consulting capabilities of 7-chapter members through skill development, AI integration, social media growth, branding, professional development, and industry exposure.
Results: ELEVATE supported the marketing and consulting capabilities of 13 members through weekly training sessions covering topics like branding, SEO, brand image, marketing strategy, creativity, leadership, and consulting tools to prepare the team for real client work. AI tools were incorporated into ELEVATE's workflows to enhance idea generation, research, and project organization, improving efficiency across all consulting activities. The team visited a consulting company (ARRK Consulting), to get exposure to real-world consulting operations and hands-on interaction with industry professionals. All members got certified in HubSpot SEO, Google Social Media Marketing, and E-Commerce. The team launched ELEVATE's brand identity and online presence showcasing its student-led services, building credibility and growing its Instagram audience.

Consulting Services: ELEVATE by AMA-UPRM

Overall Goal: Empower students through ELEVATE by offering practical experience, leadership opportunities, and impactful marketing consulting projects, while generating between $5,000 and $10,000 to support AMA-UPRM's ICC 2026 travel plans.
Overall Results: ELEVATE has successfully **generated $5,000 to date**, with **projections indicating $8,000 in total revenue** by the end of the semester, directly supporting ICC 2026 travel funding while providing members with hands-on consulting experience in the marketing field.

COMMUNITY & SOCIAL IMPACT

Overall Goal: Make initiatives that positively impact both our students and the Puerto Rican community, while supporting diversity, mental health, environmental awareness, and collaboration. Aim to impact over 100 people.
Overall Results: AMA UPRM leveled up its presence as a student association focused on purposeful impact. Members actively participated in initiatives ranging from cleanups and food distribution to community support efforts. We successfully reached and exceeded our goal of impacting over 100 people, while expanding our reach even further through social media engagement.

Run for a Cause

Goal: Enlist 10 students as volunteers in a Run for Cancer to stand with the cause.
Results: A total of 11 AMA members participated as volunteers for the Fuerza y Esperanza 5K and 10K Run, organized by IQ Group. Volunteers assisted in logistical meetings before the event, distributed water, provided directional support, and handed out medals at the finish line on the day of the event, contributing to the day's success and supporting the cancer awareness cause in an event with +1.5k participants. Additionally, we provided pro bono marketing support by producing reels and social media content that amplified the event's reach and engagement.

International Beach Cleanup Day

Goal: Contribute to International Coastal Cleanup Day by bringing students together to clean our beaches and raise awareness about protecting coastal environments. Collect 10 bags of trash and have 15 students cleaning together.
Results: We participated in a beach cleanup at Playa Buyé, Cabo Rojo, organized by Scuba Dogs Society, as part of International Coastal Cleanup Day, bringing together a diverse group of approximately 130 volunteers committed to environmental protection. Together, we removed 603 pounds of waste, equivalent to 67 bags of trash, promoting environmental awareness, community collaboration, and shared responsibility for preserving Puerto Rico's coastal environments.

Pass the note or Flowers with Messages

Goal: Spread positivity and encouragement among students by sharing flowers with uplifting, handwritten messages. Foster a culture of kindness, mental health awareness, and community connection across campus. Impact 15 students.
Results: On October 10, World Mental Health Day, we shared uplifting, handwritten notes with 15 students across the UPRM campus to spread positivity. We elevated the initiative by documenting reactions in a video that reached 6,426 views and over 130 likes,expanding the message of kindness far beyond campus and fostering mental health awareness through creative storytelling.

Sharing Smiles for Seniors

Goal: Visit a local nursing home to bring joy, companionship, and support to senior residents. Promote empathy, intergenerational connection, and community service among students. Impact 30 seniors.
Results: Visited Hogar Casa Linda in Mayagüez and organized three engaging activities for 35 senior residents, including decorating vases with paper flowers, playing a cup-guessing game, and passing around a balloon to share personal facts. While some residents were resting during the visit, we hope that the donations we brought positively contributed to their comfort and well-being.

The Borinquen Culture Passport

Goal: Embrace Hispanic Heritage Month by visiting Puerto Rican-owned businesses to show support for our community. Impact 4 local businesses and pro bono creatively assist them with their businesses.
Results: The activity engaged students through the AMA Passport, rewarding the first 10 participants with a limited-edition cup. It generated strong word of mouth on campus and increased interest among non-members, while also supporting four local Puerto Rican-owned businesses through creative, pro bono assistance.

'The Power is Gone' Social Impact Video Competition

Goal: Create a social impact video that highlights the challenges caused by daily power outages in Puerto Rico, sharing stories of resilience, and emphasizing the need for long-term solutions to the island's electrical system.
Results: Seven AMA UPRM members participated in the production of "The Power is Gone", successfully raising awareness about how power outages affect families, businesses, and medically vulnerable individuals. The video encouraged community support for Puerto Rico Somos Gente and called for action to bring relief and hope to affected communities.

Community Impact Award

Goal: Although this recognition was not part of our initial strategic plan, our overarching goal has always been to lead impactful, community-centered initiatives that uplift Puerto Rico. This award represents an unexpected validation of that mission.
Results: At the inaugural GALADEM, the premier student-led gala established to honor excellence, leadership, and the transformative impact of student organizations, our AMA UPRM chapter was awarded the distinguished "Social Impact Award." This unexpected yet profound recognition underscores the chapter's exemplary service to Puerto Rico and affirms its standing as a leader in community-centered impact and student-driven innovation.

Turning Extra Food into Support

Goal: Collect leftover food from any of our campus activities and redistribute it to people in need, reducing food waste and supporting the local community.
Results: After our marketing symposium, we prepared 20 leftover food boxes, reheated them, and distributed them to people in need, ensuring the food did not go to waste and positively impacting our local community.

Paws for a Cause

Goal: Provide dogs with support through donations and visibility while educating students on the importance of fostering and adopting animals. Aim to bring attention to at least 5 animals in need of homes.
Results: We fully organized and led an on-campus awareness event in collaboration with Albergue Villa Michelle and the Pre-Veterinarian Association at UPRM. Our chapter coordinated logistics, outreach, and promotion to engage students and spotlight animals in need of homes. During the event, we collected over 100 supply donations (ranging from canned dog and cat food, laundry detergent, sponges, brooms, mops, litter box sand, and cleaning supplies like Clorox and Fabuloso) surpassing last year's results and successfully exceeding our initiative's goals.

School Visit to Empower Marketeers

Goals: Visit 4 nearby high schools to introduce students to the field of marketing and the opportunities it provides. Inspire interest in UPRM's undergraduate marketing program and highlight our student association, AMA.
Results: While this event has not yet occurred, we will collaborate with the Business Faculty to coordinate visits to nearby high schools between February and March, introducing students to marketing and UPRM's undergraduate program. We also plan to take advantage of this opportunity to donate one prom dress at each high school we visit to a student in need.

UPRM Art Spotlight

Goal: Partner with an artistic student organization to showcase at least 10 students in an Art Auction. Provide a platform for these students to showcase their artwork and skills, connect them with potential buyers, and increase their network.
Results: This event is still in planning, and we will be collaborating with the Student Program for Visual Arts at UPRM.

Vaccination on Campus

Goal: Safeguard the health of students, faculty, and staff by providing convenient access to vaccinations on campus. Promote a culture of preventive care and wellness while strengthening community resilience against infectious diseases. Impact 50 students.
Results: We met with the Walgreens near our campus to coordinate the on-campus vaccination event. Although we initially planned to hold the activity in November, we decided to reschedule it for February to ensure we could effectively reach our goal of impacting 50 students and provide a safe, well-organized event.

Hospital Christmas Visit

Goal: Overall Goal: Bring the joy and spirit of Christmas to hospital patients and healthcare staff through music, gifts, and meaningful interactions. Promote compassion, solidarity, and holiday cheer within the student community while supporting those spending the holidays in medical care. Gift 10 patient care packages.
Results: Despite strong interest, scheduling constraints limited our ability to coordinate the visit before Christmas break. Moving forward, the team plans to organize a non-themed hospital visit to support patients and healthcare staff.

FUNDRAISING

AMA-UPRM Sponsors 2026: Lilly A MEDICINE COMPANY | Infosys | ECONO | PPM

Overall Goal: Coordinate and carry out (bring to life) strategic on-campus and off-campus fundraising initiatives that level up our work plan, support members' professional development, provide chapter operations, and elevate recruitment efforts. Our approach cultivates a welcoming and comprehensive community that values diversity, prioritizes mental health awareness, and fosters collaboration. Through these efforts/initiatives, we aim to proliferate our membership to seventy (70) students and double the number of student members attending the 2026 ICC.
Overall Results: We welcomed sixty (60) new/returning student members as of April 2026, generating revenue of $3,097.00. Through a lineup of fundraising activities, both on and off-campus, we generated an additional $2,605.66 in revenue. To financially support our event registration and/or enrollment in the 2026 ICC, we pitched a sponsorship proposal to multiple entities, securing $7,000.00 in funding. Our marketing advisory group, ELEVATE, has added $5,000.00 as of February 2026, with an additional/supplemental $4,000.00 on the horizon prior to 2the 026 ICC. As of this report, we have generated $17,835.11 in total revenues and aim to raise an additional $7,000.00 by the end of the Spring Semester 2025-2026.

On-Campus & Off-Campus Fundraising Initiatives

Goal: To successfully coordinate and carry out up to eight (8) fundraising activities for each semester (on-campus & off-campus) to generate approximately $800 in profit per semester, and have our student members use their best skills to market/promote these initiatives.
Results: During the Spring Semester 2024-2025 (as of March 2025) & Fall Semester 2025-2026, we successfully accomplished thirteen (13) fundraising activities with a reported profit of $2,140.66, showcasing the impact of innovative marketing, collaborative teamwork, and long-lasting commitment with our community through outreach networking. The variety of activities coordinated includes: carwash, raffle, AMA merch sales, food sales fundraisers (on and off campus), wellness fundraisers (yoga , spinning, gelato & paint).

Sponsorships

Goal: Build lasting relationships with industry leaders and community allies to drive innovation and positive impact across multiple platforms. Through this networking, our university student chapter aims to scout potential/possible sponsors for the 2026 ICC. Our goal is to financially help out a mission-driven, dedicated, and empowering twenty-four (24) university student members to take part/partake, display, and level up their marketing skills at the upcoming 2026 ICC.
Results: With gratitude and excitement, we acknowledge the generous commitment of the following establishments/organizations that have said 'Yes' to our mission-driven university student chapter: Eli Lilly & Co. ($1,000.00), Infosys Limited ($5,000.00), and Healthy Path Markets/Supermercados Econo ($1,000.00), for a combined sponsorship and/or partnership totalling of $7,000.00.

drAMAttire (AMA Merch Drop!)

Goal: Display our 2025-2026 & 2026-2027 branding colours throughout aesthetically pleasing wearables, such as hoodies, generating a profit of between $10 to $13 per round.
Results: Colours came to life, colds were kept at bay, and over twenty-one (21) cozies (hoodies) were proudly worn beyond, each helping our overall goal (cause) with $212.25 in profits.

Member Mode: On

Goal: Strengthen collaboration between Fundraising and Membership by promoting a $52 annual membership, with contributions reinvested into AMA-UPRM through activities, resources, and programs like the Big & Little Program that foster growth and community.
Results: Via cross-team amid/amidst the Financial/Fundraising Team & Membership Team, we successfully spellbound (made irresistible) our $52.00 annually membership, resulting in a mushroomed (grow) new university student engagement. The variety of activities coordinated includes: Sunset Yoga, Gelato & Paint, Market, and Spinning Class.

COCA-COLA MUSIC HALL PLANT TOUR!

Valentine's (Day) Raffle

NEW!

Goal: To offer the chance to students, either for themselves or for their partner, the opportunity to invest only $5 in our one-of-a-kind raffle, where if your raffle number gets called upon, you will receive up to $75 worth of gifts, and some roller skating.
Expected Results: Each participant sells about 20 tickets at $5 a piece, generating a revenue of $2,400.00.

Car Wash Saturday

Goal: Apply marketing skills in practice by hosting car wash events, generating $10 per car and $15 per SUV, with all proceeds supporting the chapter's participation in the 2026 ICC.
Results: The semesterly (2024-present) ritual, community-driven fundraising initiative polished up $1,300.00 in total revenue across three (3) soap operas, by serving over sixty (60) auto friends (vehicles).

SeasAMAly (AMA Spring/Summer/Fall/Winter Market)

NEW!

Goal: Organize a seasonal market each semester where fifteen (15) student-owned businesses can showcase their products on campus, helping them sharpen their student-to-student marketing skills.
Results: From a dream to reality, our on-campus Pink Market (October 28th) opened their doors to twenty-four (24) student-owned businesses

glAMAr (Professional Picture Session)

Goal: Provide affordable professional photography sessions to help members and students strengthen their personal brand, aiming to generate $35–$140 in profit by charging $5 for members and $7 for non-members.
Expected Results: The photo hang provides students (Undergrads & Grads) with a natural camera-ready baby step (chance) to elevate their LinkedIn profiles in/on their GRWM for my university/campus 17th Spring Job Fair.

MEMBERSHIP

Overall Goal: For the 2025–2026 academic year, the AMA UPRM chapter aimed to expand its membership to 60 students while ensuring accurate classification of membership status. Membership tracking was based on effective dates to clearly identify new members, retained members with a one-year post-graduation extension, and members whose membership expires at the end of the academic year.
Overall Results: Through strategic outreach, planned conferences, workshops, and networking initiatives, the chapter successfully achieved its goal, surpassing it by growing from 70 to 95 members during the academic year. Clear tracking allowed the chapter to identify active, retained, and graduating members, including 10 individuals whose membership will expire and who will not renew for 2027 due to graduation. As a result, the chapter strengthened its membership management and long-term organizational planning.

Member Scoreboard

Goal: Promote active members' involvement during the academic year through a point accumulation system, in which points are assigned based on each activity's classification.
Results: Member participation was effectively monitored throughout the academic year, allowing the organization to formally recognize the three most prominent members who demonstrated outstanding involvement by attending over 50% of scheduled events. These members were honored during the initiation ceremony held on December 4, 2025.

Recruitment

Goal: Recruit at least 60 new members to the American Marketing Association, Mayaguez Campus, for this academic year.
Results: We did accomplish our goal. We gained 60 new members in this academic year.

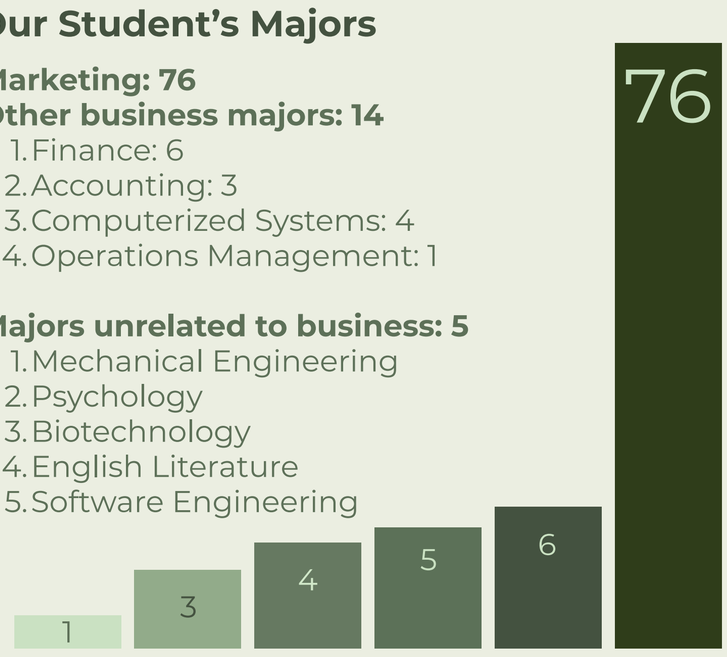

E-board bonding

Goal: Host 2 events where the e-board can get to know each other better and strengthen our relationship as a team.
Results: We accomplished our goal by making 2 activities, such as the Telemundo Plant Tour together with the Elevate Program, and Tramboliko Fundraising.

Our Student's Majors

Marketing: 76
Other business majors: 14
1. Finance: 6
2. Accounting: 3
3. Computerized Systems: 4
4. Operations Management: 1

Majors unrelated to business: 5
1. Mechanical Engineering
2. Psychology
3. Biotechnology
4. English Literature
5. Software Engineering

Membership Database

NEW!

Goal: Maintain an orderly Excel spreadsheet tracking 100% of current chapter members and the activity status of all chapter events. Use a point-based system to measure member engagement and recognize the top-scoring members during initiation, with the goal of increasing participation in future events.
Results: The Financial Officer updated the official membership list in the shared Google Drive, ensuring 100% of active members were documented. This allowed the Administrative team to collect additional personal data through 2 data-collection methods (Google Forms and in-person collection), supporting accurate tracking of member participation and engagement.

Retention

Goal: Retain 50% or more of last year's members who are undergraduate students and have stayed in the Business Administration Department. We also want to ensure that members who are graduate candidates for this academic year stay and acquire their one-year free professional membership.
Results: We have succeeded our primary goal to retain 52% of active members this year. We increased our membership from 70 to 90 members.

UPRM 07

Weekly Meetings of the Membership

Goal: Have weekly meetings in-person for 30 minutes to 1 hour to update necessary information. Also, schedule new activities for the next month, etc.
Results: We accomplished 10 weeks of in-person meetings, surpassing our original goal by 100%.

Wellness Program

Goal: Develop activities that promote the health of our members and their families. Participate in various activities during the semester, primarily 2 wellness activities: yoga class and spin class.
Results: We met our expectations successfully; the spin class is scheduled for February 6, 2026. In the meantime, we successfully completed our health-related activities with members, Bigs and Littles, and the yoga class with around 23% attendance participation.

BIG & Little Study Session (September 16)

Goal: Support the academic success of new members while strengthening Big & Little relationships.
Results: Approximately 15 participants attended a collaborative study session that promoted peer support, academic mentorship, productivity, and strengthened mentor relationships.

Big and Little Program

Goal: Gain at least 20 students by actively promoting the program and increasing participation throughout the semester. Make at least 1 activity each leader with their groups and 1 joint activity with all groups together per month, for a total of 2 activities per month.
Results: We met our expectations by engaging 24 students and having each leader complete 2 activities per month with their respective groups through AMA fundraising events, study sessions, and professional activities. In addition, we successfully conducted 1 joint activity per month with all groups together, achieving 100% completion of planned activities.

Sunset Yoga (September 17)

Goal: Promote wellness, balance, stress relief, and community bonding among members.
Results: The event attracted 18 participants, offering a relaxing environment that emphasized mental and physical well-being.

Association Fair (August 21)

Goal: Increase chapter visibility and recruit new members at the start of the academic year.
Results: During the Association Fair, the chapter executed targeted outreach to promote AMA's mission, events, and leadership opportunities. From **30+ student interactions**, we achieved a **67% conversion rate**, resulting in **20 new active members** and measurable growth in chapter engagement.

First Members Meeting (August 26)

Goal: Welcome new and returning members while introducing chapter goals and semester plans.
Results: The meeting welcomed approximately **50 participants**, creating an engaging introduction to AMA and setting a strong foundation for member involvement.

BIG & Little Meet and Greet (August 27)

Goal: Establish mentor-mentee relationships and foster early connections within the chapter. This initiative provided personalized mentorship and guidance, to promote a stronger sense of belonging.
Results: Members participated in an interactive meet and greet that successfully paired Bigs and Littles, encouraging open communication and connection.

GELATO & PAINT (September 18)

Goal: Encourage creativity, social interaction, and stronger peer relationships in a relaxed setting.
Results: With 30 participants, the event successfully combined art and socializing, fostering meaningful connections among members.

BIG & Little Dinner – TRES MONOS (October 8)

Goal: Deepen mentor-mentee relationships through informal social interaction.
Results: 10 participants attended an intimate dinner that encouraged conversation and connection outside of structured meetings.

Second Members Meeting (October 14)

Goal: Update members on chapter progress and reinforce involvement opportunities.
Results: The meeting engaged 21 participants, providing updates, gathering feedback, and maintaining chapter alignment.

Sunset Beach & Picnic Night (October 17)

Goal: Strengthen community through a relaxed, social outdoor experience.
Results: 15 participants attended, fostering connection and camaraderie in a welcoming environment.

Halloween Movie Night (October 22)

Goal: Build community through seasonal social engagement.
Results: 10 participants enjoyed a themed movie night that encouraged casual interaction and fun.

Personal Branding Workshop (October 27)

Goal: Equip members with professional skills to enhance career readiness.
Results: The workshop attracted 15 participants, providing actionable insights into personal branding and professional presence.

BIG & Little Trivia Night (October 28)

Goal: Reinforce mentor-mentee relationships through interactive competition.
Results: 10 participants engaged in a fun trivia event that strengthened relationships and chapter spirit.

All About ICC

Overall goal: Strengthen AMA UPRM's readiness, competitiveness, and participation in the 2026 International Collegiate Conference (ICC) by developing members' skills, providing structured mentorship, securing financial support, and ensuring seamless logistical coordination.
Overall Result: Effectively prepared and empowered 24 AMA UPRM members to compete at the 2026 International Collegiate Conference through comprehensive training, strategic mentorship, fundraising initiatives, and full logistical management—resulting in high engagement, strong competitive readiness, and sustained organizational growth.

Getting ICC Ready

Goal: Prepare and empower AMA UPRM members to successfully participate in the International Collegiate Conference (ICC) by strengthening engagement, skills development, mentorship, and financial support.
Result: Successfully recruited and prepared 24 AMA UPRM members to attend the 2026 International Collegiate Conference through more than 10 training sessions, faculty support from 3 marketing professors, research and activities to financially aid the participants.

ICC Prep 101: Know Before You Go - Panel

Goal: Expand members' knowledge of the ICC and its key components, including budgeting, competitions, and past experiences, to motivate participation and recruit new competitors.
Results: An informative panel delivered effectively, with members gaining a thorough understanding of the ICC and showing interest in participating.

Recruitment Video Competition

Goal: Participate in this year's Recruitment Video Competition through the collaboration of an 8-member ad hoc committee dedicated to the creationof the project.
Results: Successfully completed and submitted the video, reaching 144 views on YouTube

Tips from the Top - Workshops

Goal: Prepare ICC participants with strategic skills, analytical tools, and professor-guided performance feedback to support continuous improvement and competitive excellence.
Results: Secure the guidance needed from our professors through more than five meetings and dedicated competition-specific chats for fast, accessible feedback.

Fund Level-Up

Goal: Organized and hosted fundraising events that raised atleast $1,000 to alleviate the financial burden for AMA UPRM ICC participants.
Result: Successfully raised $1,099.20 and still counting that covered part of the 24 members trip expenses.

ICC Trial Run

Goal: Prepare members for ICC competitions through mock events that build hands-on experience, teamwork, and confidence.
Result: Achieved the goal of holding biweekly meetings for a total of 10 sessions and later increased the frequency to weekly meetings, completing 19 sessions in total.

Next-Level Journey

Goal: Manage all trip logistics—including travel, accommodation, and registration—to ensure a smooth, stress-free experience.
Results: Effectively managed all aspects of the trip to Chicago, including securing 24 flight tickets, reserving 5 hotel rooms, registering the 24 participants in the International Collegiate Conference, and organizing the itinerary.

INTERNAL/EXTERNAL COMMUNICATIONS

Overall Goal: Continue building an approachable and inclusive image that resonates with all of our chapter's constituents: Current members, potential new members, alumni, faculty advisors, and collaborators (Sponsors, Partners, etc.). By doing so, we aim to enrich the chapter's environment with diverse perspectives, skill sets, and experiences in order to foster a community of professional networking students while strengthening lasting connections across our entire network.
Overall Results: Throughout the year, the UPRM Chapter was able to showcase the continuous build-up towards a more approachable and inclusive image as previously established in the Chapter Plan. Through effective promotion and engaging content, we were able to attract our chapter's constituents. Consequently, enriching the chapter's environment with quite a diversity of expression and networking.

INTERNAL COMMUNICATIONS

WhatsApp Channels

Goal: Create an official quick-communication channel between the members and the E-Board, as well as between the E-Board Teams, in order to level up coordination and communication skills while continuously planning logistics and informing members of ongoing and approaching meetings, activities, and events.
Results: Not only were proper WhatsApp channels established, allowing 603 media, links, and documents to be exchanged between the E-Board, ICC 2026, and Members chats, but separate E-Board Teams chats were also created in order to strengthen logistical planning and team coordination skills, with 631 media, links, and documents continuously shared.

Team Weekly Meetings

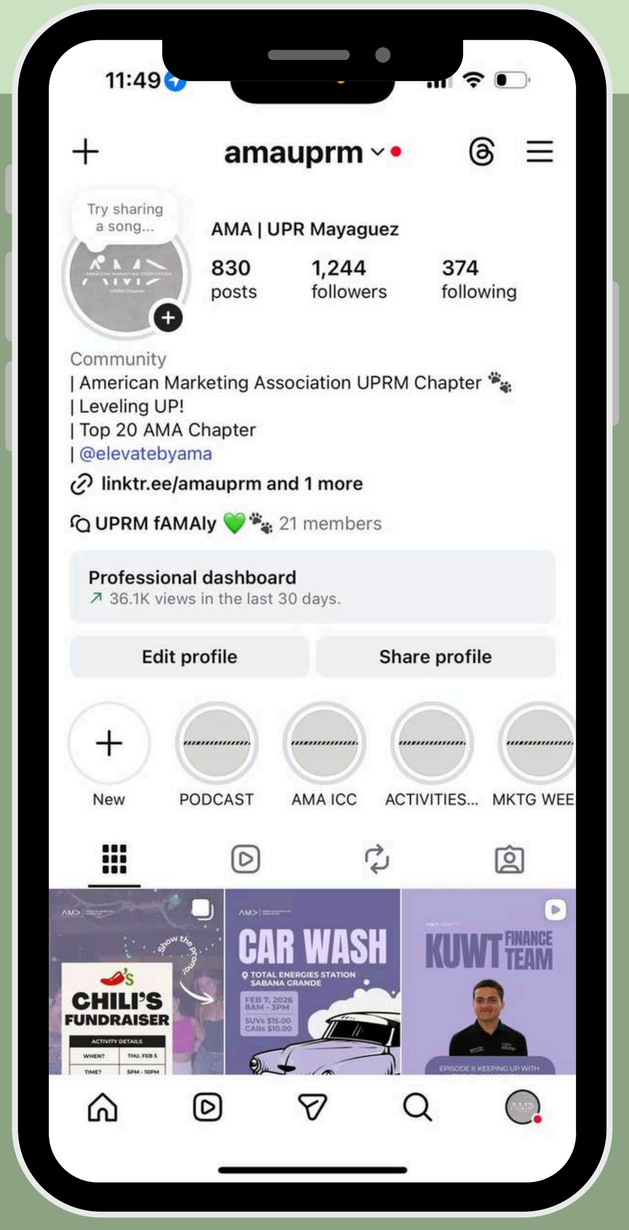

Goal: Not only were proper WhatsApp channels established, allowing 603 media, links, and documents to be exchanged between the E-Board, ICC 2026, and Members chats, but separate E-Board Teams chats were also created in order to strengthen logistical planning and team coordination skills, with 631 media, links, and documents continuously shared.
Results: Weekly meetings took place every Monday in order to reinforce task management and accountability skills, establishing a list of tasks for every position in the Communications Team, totaling 20 weekly meetings.

Content Calendar

Goal: Facilitate the planning and execution of content for every activity, as well as level up strategic planning and task distribution skills within the Communications Team.
Results: A content calendar was created via Google Calendar to strengthen organizational visibility and coordination skills for both the Communications Team and the Presidential Team.

Data Recollection & Analysis

Goal: Recollect and use the data reports given on Instagram in order to develop and level up analytical skills, prioritizing content with higher views, likes, and shares.
Results: While this remains an area of improvement, the team began developing data analysis skills, gaining insight into the conclusion that reels promoting events, activities, and community impact content generated the highest engagement.

EXTERNAL COMMUNICATIONS

Social Media Rebrand

Goal: Establish a new and attractive brand image to be applied to every social media platform in order to level up visual branding and audience engagement skills and captivate more attention.
Results: A cohesive color palette and typography were officialised and used to create a total of 227 media arts and idea concepts across different Canva projects, strengthening content creation and brand consistency skills, organized by media type and format.

Rebrand for Marketing Week

Results: In addition to the overall social media rebrand, the Communications Team leveled up themed branding and campaign execution skills by developing a rebrand for the Marketing Week Celebration, resulting in a total of 41 media arts and idea concepts across Canva projects organized by media type and format.

Updated Linktree

Goal: Update the Linktree to level up accessibility and information management skills, providing members with actualized links to all social media platforms and registration forms.
Results: After rebranding the Linktree and updating its structure, the Linktree received a total of 110 clicks, reflecting improved navigation and user engagement.

Fun-Fact Fridays Series

Goal: Share a short, fun fact every Friday to level up curiosity and marketing knowledge among members.
Results: Due to the high demand for content production, a total of 5 Fun-Fact Fridays were uploaded.

AMA UPRM Brand Kit

Goal: Create and utilize a predetermined color palette and typography to level up branding and content production skills, while establishing a consistent image across all social media platforms.
Results: A cohesive color palette and typography were officialized, strengthening visual consistency skills, containing 10 colors and two selected fonts: Anton and Montserrat.

UPRM 09

Website Competition

Goal: Update and rebrand the official website to level up digital presence and information organization skills, serving as an accessible medium for official information and a centralized space for the chapter's vision, mission, and achievements.
Results: An official AMA UPRM website was created with the help of a committee established for the ICC 2026 Website Competition, including a Welcome, About Us, Donations & Sponsors, Programs, and How to Bec Member sections. Over the past few months, the site has generated 246 visits.

Social Media Promos & Activities Content

Goal: Promote events and activities through established social media platforms while leveling up conten planning, execution, and multimedia storytelling skills, including photo and video recaps and trends.
Results: Through Canva, a total of 117 posts—including carousels, reels, and TikToks—were created an uploaded across social media platforms such as Instagram, Facebook, and LinkedIn.

A.M.A Podcast: A Marketing Affair

Goal: Establish a monthly podcast series delivering short, engaging episodes (10–15 minutes) on re marketing topics to level up communication, educational outreach, and audience engagement skills.
Results: The A Marketing Affair Podcast was created, producing a total of 4 episodes and accumulating 216 featuring content related to AMA operations, members' businesses, and marketing campaign analysis.

"Keeping up with..." Mini Series

Goal: Start a new social media miniseries to level up storytelling and behind-the-scenes content skills, offering members an informative and entertaining, reality TV–style look into each E-Board Team throughout the semester.
Results: The "Keeping Up With..." miniseries launched with the Communications Team episode, reaching nearly 3k views, and continued with additional E-Board Team episodes, maintaining thematic consistency and engagement.

Member's Business Shout-Outs Series

Goal: Start a new social media series to level up community support and promotional skills by highlighting members who own businesses and wish to further promote their brand, product, or service.
Results: Although a once-a-month post was not achieved, efforts are concentrated on promoting three upcoming businesses to initiate the series throughout the semester.

AMA Merch

Goal: Promote the AMA brand image among members while leveling up brand visibility and member engagement skills, allowing members to showcase their affiliation with the association.
Results: The official hoodie collection was launched and promoted, generating a total of 21 sales.

CHAPTER OPERATIONS

During the 2025–2026 academic year, AMA UPRM strengthened its operational structure through the implementation of standardized processes, clearer communication, and tracking systems that improved internal efficiency and coordination across teams. The chapter executed its planned operational initiatives, achieving notable progress in organization, punctuality, role clarity, and strategic alignment. These efforts contributed to a continued level up in the chapter's work culture, consolidating a more professional, goal-oriented environment and reflecting an ongoing commitment to administrative excellence and continuous improvement.
Overall Goal: Our goal is to improve member retention and engagement. We want to understand the needs of the E-board and offer valuable experiences that motivate members to feel part of the AMA.
Overall Result: We achieved an increase in member retention and engagement within the chapter, reaching a total of 92 members, of which 74 were retained, 18 were new, and 6 renewed their membership. This growth was made possible by understanding the needs of the E-board and designing relevant, high-value experiences that strengthened members' sense of belonging within AMA. Thanks to these initiatives, members felt heard, represented, and actively involved in the community.

Transitional Meetings

Goal: Host an event where a proper farewell is given to those students who will leave the e-board before the academic year ends, and provide the new e-board with a personal Q&A session with students who have experience in their soon-to-be e-board positions. This will enable a transparent, smooth transition between the new and old AMA e-board.
Result: All e-board positions completed a documented transition process. All new members reported clarity in their roles from the beginning of the academic year, and operational errors decreased significantly during the first months.

Weekly Meeting Agendas

Goal: Host an event where a proper farewell is given to those students who will leave the e-board before the academic year ends, and provide the new e-board with a personal Q&A session with students who have experience in their soon-to-be e-board positions. This will enable a transparent, smooth transition between the new and old AMA e-board.
Result: All e-board positions completed a documented transition process. All new members reported clarity in their roles from the beginning of the academic year, and operational errors decreased significantly during the first months.

Weekly Meeting Minutes

Goal: Within 24 hours of each e-board meeting, the VP of Membership will send a written summary with a to-do list of tasks designated to each team for the next meeting.
Result: All minutes were sent within the established timeframe. Additionally, tasks were assigned with deadlines, which increased the number of tasks completed before the next meeting.

Weekly Individual Team Meetings

Goal: Each VP will schedule a weekly meeting with their members to talk about the logistics and specific tasks strictly for their team, with no interruptions.
Result: Most departments held weekly meetings consistently, which reduced execution errors, improved teamwork efficiency, and provided greater clarity regarding individual responsibilities.

Strategic Oversight

Goal: Providing individual feedback sessions for every departmental VP once a month to ensure that everything from planning to execution is on track with the association's chapter plan.
Result: One individual feedback session was held per month (one per VP per month, a total of 5 meetings). 100% of the vice presidents aligned their work plans with the chapter plan and were given feedback.

E-Board Info-Tuesday

Goal: Host weekly meetings with the entire e-board, where each VP can provide a progress report on their current team projects, discuss any problems/roadblocks/concerns, and request assistance from another team if needed.
Result: Hold weekly meetings with the e-board where each VP shares how their team's projects are going, discusses any problems or obstacles they may have, and asks for support from other teams if needed, ensuring that all meetings are held, that everyone participates, that clear actions are defined in most of them, and that collaboration between teams improves visibly during the semester.

Management Plan

Goal: Organize a weekly progress report every Friday between our Chapter Advisors, Chapter President, Executive VP, VP of Membership, and VP of Finance to summarize each weekly e-board meeting and acquire feedback/guidance from Chapter Advisors.
Result: A weekly meeting was held throughout the entire semester. Summaries were sent within 24 hours, and feedback from the advisors was received, with follow-up given to most of their recommendations.

E-Board Google Calendar

Goal: Have all activities, projects, and deadlines in their planning phase available, with detailed descriptions that include time, room/place, and a brief activity description, as well as a professional guest speaker (if applicable), to be carried out during the academic year.
Result: All activities (date, location, time, and description) were recorded in the institutional calendar. 95% of the events were planned at least a month in advance, reducing scheduling conflicts.

Communications Google Content Calendar

Goal: Have all content ideas, preparation events, meetings, and promotions scheduled in a Google calendar that will be carried out exclusively by the communications team during the academic year.
Result: All content ideas, preparation events, meetings, and promotions by the communications team are scheduled in Google Calendar. Each activity has a date, time, assigned location, etc. It is updated weekly, and at least 90% of the activities scheduled during the academic year are completed.

AMA-UPRM WhatsApp Community

Goal: Create a channel where all of the AMA-UPRM's group chats can be found in one place to promote easy and fluent communication between all critical parties.
Result: 100% of the chapter's official chats were centralized in a WhatsApp community accessible to all members. 90% of announcements were viewed in less than 24 hours, and weekly interaction increased, demonstrating that the platform effectively fulfilled its functions of internal communication, strengthening the sense of belonging, and generating active interaction among members.

Annual Report Sessions

Goal: Schedule one e-board meeting to be a discussion regarding Annual Report Guidelines exclusively, study other chapter plans from other collegiate chapters, and divide each team into groups to brainstorm and begin drafting their parts of the chapter plans.
Result: Two e-board meetings were held, focusing on the Annual Report Guidelines. At least three plans from other chapters were reviewed, each team was divided into departments, and the teams began drafting their sections of the annual plan during the meeting.

E-Board Assistance Log

Goal: Reinforce E-boards' commitment to the association's goal by keeping track of their assistance in E-Board meetings and AMA-UPRM events via an Excel spreadsheet.
Result: All E-board attendance at meetings and events is recorded, the information is updated weekly, members with the lowest attendance rates are identified, and this record is used to reinforce team participation and commitment during the semester.

E-Board Certifications

Goal: Strengthen the technical capabilities of the E-Board through professional certifications in essential areas such as design, digital strategy, data analysis, and content creation, with the goal of having at least 80% of the team complete a certification.
Result: 90% of the E-Board completed certifications during the 2025–2026 academic year. These included web page creation, Adobe Graphic Design, Google Digital Marketing & E-Commerce, Google Analytics, and SEO, among others. These credentials enhanced the chapter's visual, strategic, and operational quality, contributing directly to the fulfillment of the Chapter Plan and the overall process of improvement.

Summer E-Board Bootcamp Ranking

Goal: Have at least two summer meetings where all of the e-board can meet virtually and discuss this year's Chapter Plan for the Fall Semester.
Result: Three virtual meetings were held. The adjustment period at the beginning of the semester decreased considerably, and all VPs started with clearly defined priorities and responsibilities.

Shared Google Drive for E-Board Ranking

Goal: To store all chapter information in Google Drive, providing E-board members and the advisor with an easy and organized way to access it.
Result: All chapter documents were stored and organized in standardized department folders. Access was granted to the entire e-board and the advisor, and most documents remained updated and easy to locate.

Member's Feedback & Evaluation

Goal: Effectively measure progress and adjust strategies based on chapter needs by providing a Google form via the member's group chat, where the e-board can obtain anonymous feedback on the activities that are being done and what members wish to see next from the AMA.
Result: A form was distributed at the end of the semester, and a significant level of participation was obtained. The viable suggestions were compiled and applied or adjusted in future activities and strategies.

Chapter Plan Sessions

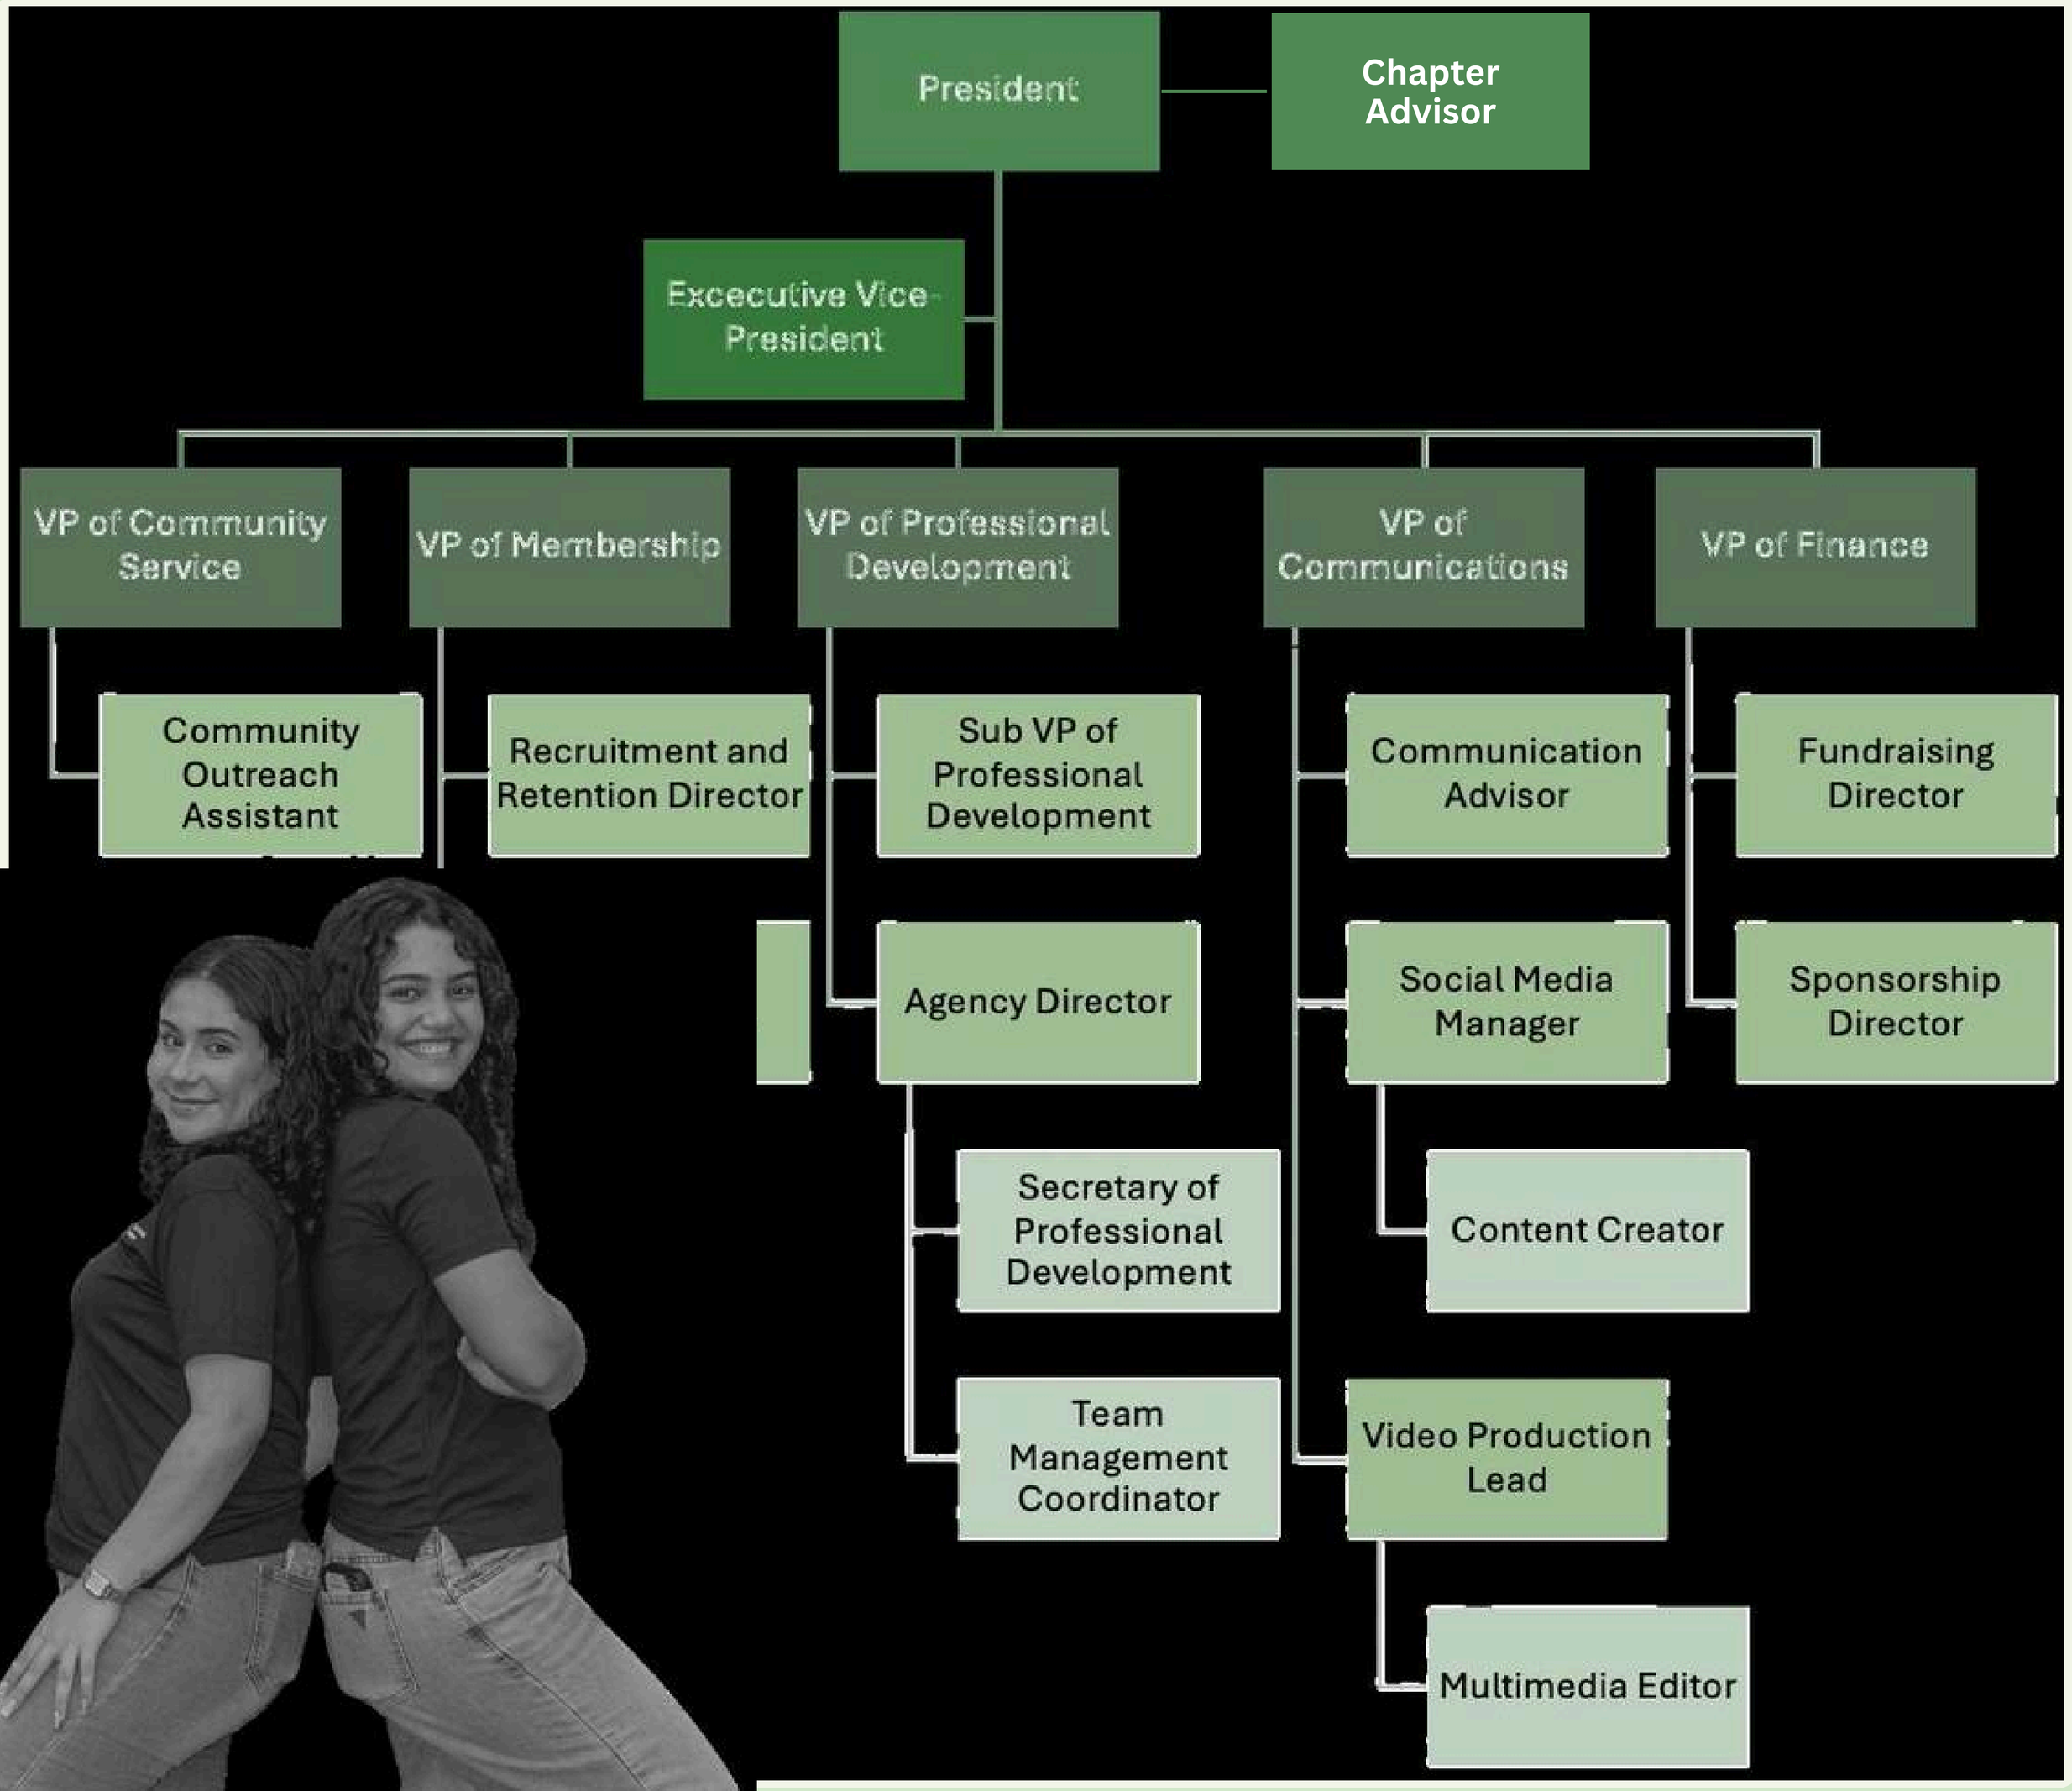

Goal: Schedule one e-board meeting to be a discussion regarding Chapter Plan Guidelines exclusively, study other chapter plans from other collegiate chapters, and divide each team into groups to brainstorm and begin drafting their parts of the chapter plans.
Result: A total of three e-board meetings were held, focusing on the Chapter Plan Guidelines. At least three plans from other chapters were reviewed, each team was divided into groups, and the departments began drafting their sections of the plan during the session.

ICC 2026 Planning and Preparation

Goal: Increase the chapter's participation in ICC 2026 and establish a more structured preparation plan, including weekly practices for all competitions and an increase in the number of participants.
Result: AMA UPRM tripled the number of students who will attend ICC 2026, increasing from 8 to 27 participants. All competition teams held practices between 1 and 2 times per week throughout the semester. To support travel costs, fundraising activities such as donations, car washes, raffles, and sales were carried out, estimate $13,113. This significantly reduced individual expenses and ensured the participation of all selected students.
